

Dear \_\_\_\_\_

My name is: \_\_\_\_\_

I live at: \_\_\_\_\_

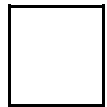

**I support Link Rhode Island Libraries because:**

- I will be able to access full-text magazine articles and to general research, health, job, and consumer information.
- I will be able to access at home, at work, or through any school, public, academic or special library.
- I will be able to search the collections of all libraries in the state in one process.
- I would have fast delivery of all materials to my local library.
- I will be able to find needed periodicals of all types anywhere in the state; schoolchildren and teachers will be able to find needed materials from a larger group of Rhode Island schools.
- I would like to see added staffing to provide these services.
